

FARM SERVICE AGENCY

EMERGENCY FOREST RESTORATION PROGRAM *for Warren County*

Sign-up to address damage from tornadoes.

Runs December 15, 2024 to February 15, 2025

Eligible forest restoration practices include:

- Debris removal, such as down or damaged trees, in order to establish a new stand or provide natural regeneration;
- Site preparation, planting materials and labor to replant forest land;
- Restoration of forestland roads, fire lanes, fuel breaks or erosion control structures;
- Fencing, tree shelters and tree tubes to protect trees from wildlife damage;
- Wildlife enhancement to provide cover openings and wildlife habitat

ENVIRONMENTAL EVALUATION REQUIREMENTS

ERFP applications must be approved by the local FSA state or county committee before any site preparation and/or restoration can be started. All requests are subject to an environmental evaluation. Accepting delivery of materials, starting any site preparation or construction before approval may impede the successful completion of an environmental evaluation and may adversely affect eligibility.
